Forecast for Wednesday 03 Mar 2021

Weather: Some early low cloud and mist possible, mainly in the east of the park. However, any low cloud and mist should clear during the day with sunny spells developing. Cloud becoming more extensive again later in the afternoon, perhaps the odd shower then some low cloud and mist returning in the evening.

Chance of cloud free mountain/hill tops above 800m: 70% around the middle of the day, 30% early and late in the day.

Visibility: Poor in low cloud and mist. Otherwise moderate or good.
